PROFESSIONAL SUMMARY

PMO and operations professional with 4+ years at Deloitte driving end-to-end project governance, financial tracking, and reporting for global delivery engagements across UK and European clients. Built and ran the RAG/RAID, dashboard, invoice/PO/SOW tracking, and budget-vs-actual machinery that kept 10+ multi-stakeholder, time-zone-spanning engagements on time and audit-ready. Strongest in turning messy, fast-paced, SaaS-style delivery into clean, leadership-ready trackers - with a record of 100% on-time filings, 25% reporting-effort reduction, 15 hrs/week of follow-ups eliminated, and 4 RFP wins. Actively building Cloud FinOps depth (FinOps Foundation self-study, AWS CLF-C02 planned). MBA Finance + CA Inter; immediate joiner.

PROFESSIONAL EXPERIENCE

Deloitte (USI - Offices of the US) | Hyderabad, India

PMO Tax Consultant II April 2023 - April 2025

- * Led end-to-end PMO governance for 10+ UK and European client engagements using RAG/RAID frameworks, milestone trackers, and budget-vs-actual reporting - achieved 100% on-time delivery across direct, indirect, and statutory streams in a fast-paced, multi-workstream environment.
- * Standardized cost-tracking, status, and reporting templates on SharePoint + Power BI dashboards - cut reporting effort 20-25%, shortened leadership review cycles by 2 days/week, and gave executives single-pane visibility across all engagements.
- * Coordinated 30+ delivery resources across 4 offices on a centralized tracker, running daily follow-ups on action items, invoices, approvals, and stakeholder requests - eliminated 15 hrs/week of manual chase and lifted execution velocity by 40% across time zones.
- * Owned invoice, PO, SOW, and MSA tracking for the engagement portfolio - reconciled vendor and internal billing data weekly, flagged variances, and drove resolution with finance and procurement before month-end close.
- * Deployed AI-based analytics tools to monitor compliance and cost-risk signals and generate leadership insights - improved anomaly-detection accuracy by 25% and decision turnaround by 20%.
- * Owned governance reporting - weekly status, dashboards, RAID logs - for senior leadership and clients across 3+ time zones, acting as single point of contact between client SMEs and Deloitte teams.
- * Managed documentation control (SOWs, SOPs, audit files, transition docs) on version-controlled repositories - passed 100% of internal QA audits.
- * Mentored 5+ new joiners through structured onboarding, knowledge transfers, and process handovers - reduced ramp-up time from 6 weeks to 3 weeks.

Deloitte (USI - Offices of the US) | Hyderabad, India

PMO Tax Consultant I June 2022 - April 2023

- * Built compliance-tracking systems and onboarding playbooks for new clients, aligning project timelines with operational standards and improving client-onboarding efficiency by 30%.
- * Authored and structured RFPs for MENA and European pursuits with business development - contributed to 4 multinational client wins and 15% revenue uplift in target regions.

- * Maintained audit-ready documentation repositories (SOWs, SOPs, trackers) on SharePoint with version control - ensured 100% audit pass rate during transition phases.

Tooclarity (tooclarity.com) | Hyderabad, India (travel across India)

Project Manager - Institutional Outreach & Onboarding 2025 (project engagement)

- * Partnered with the founder on go-to-market for institutional onboarding at Tooclarity, an India-based education-discovery platform - visited colleges and educational institutions in person, pitched the platform's value proposition to deans and decision-makers, and closed listing agreements (RFP-style wins at startup scale).
- * Brought PMO discipline to a founder-led environment: built and ran the outreach pipeline (prospect lists, meeting cadence, post-visit follow-ups) and a lightweight CRM for institutional commitments and renewal tracking - kept nothing slipping through the cracks in a fast-paced, multi-stakeholder setting.
- * Coordinated between founders, operations, and onboarded institutions during launch - established weekly review cadence, status updates, and a shared backlog so commitments, dependencies, and follow-ups stayed visible across the team.
- * Adapted pitch and process across diverse institution tiers and decision-making styles, building repeatable onboarding playbooks for newly partnered colleges and supporting the founder on positioning, pricing conversations, and partner-tier negotiations.

Wells Fargo | Hyderabad, India

Associate Financial Analyst November 2020 - December 2021

- * Audited credits and fee applications on debit, ACH, and cheque flows - surfaced INR 2L+/month in cost anomalies and mis-applied fees, drove recovery through structured follow-ups with operations and compliance, and authored controls that prevented repeat occurrence.
- * Processed Visa debit-card fraud and non-fraud claims (FCM) using bank investigation tools - resolved 40+ cases/day with >98% accuracy and zero compliance breaches.
- * Performed QA on ATM debit, ACH, and cheque-fraud units - strengthened financial-controls posture and feedback loops for upstream operations teams.

MENTORSHIP & COMMUNITY ENGAGEMENT

- * Mentored undergraduate and MBA students across Osmania University and partner colleges on the college-to-corporate transition - covered skill gaps, professional documentation, stakeholder communication, and pathways into PMO, consulting, and finance roles.
- * Ran skill-development sessions bridging classroom learning to corporate expectations - interview prep, resume craft, workplace etiquette, and basic project / stakeholder skills - preparing students with corporate-ready capabilities before campus placements.
- * Advised students through 1:1 conversations on career pathing into PMO, consulting, finance, and operations roles; built a small, ongoing peer network for follow-up support.
